Lake Township Park Renovations

Attn: Residents and Visitors

Starting in August 2026, Lake Township in cooperation with the State of Michigan, are executing a Parks grant that will provide a Pickleball Court (4 courts total), rest room facilities, an ADA compliant walking path and parking. This will be added near our current Dog Park and Nature Trail. Due to this work and heavy machinery, **the nature trails will be closed until further notice**. The dog park will remain open. **Dog park visitors can use the South side entrance**. We anticipate this work to be concluded this Fall and we can announce are-opening date as things get closer. Thanks for your patience.
